13. Please describe this person's greatest strengths as a Instructional Assistant.
Please keep your comments constructive and professional, abiding by the Principles of Community

- Created a welcoming environment and answered questions

- Efficiency in moving around and explanations are clear and concise
- Eltha was ready to help us when we needed it. She explained the concepts clearly, especially when we have barely gone over it in lecture.
- Eltha was straightforward and easy to consult throughout class.
- Good explanations, clear, concise, efficient. She does remarkably well, especially considering that there are several rather rude, difficult to work with people in my lab section. The stuff they say kinda puts down Eltha, are in bad taste, and said just loud enough to be heard as she's walking away from our lab bench. Not going to lie, I would be throwing hands if were Eltha, but she keeps a professional, efficient teaching attitude throughout. It's impressive.
- She would walked around lab a lot to make sure we all understood
- Very knowledgeable and liked to help us understand concepts.
- You were always so patient and helpful during lab section. Physics lab is something I definitely don't look forward to, but you made the pain a lot easier to deal with.

14. Please describe this person's greatest weaknesses as a Instructional Assistant.

Please keep your comments constructive and professional, abiding by the Principles of Community

- A definitive grading rubric and consistency with what exactly they are asking for in assignments would be much appreciated.
- N/A?

I don't interact with her enough to fairly answer this. I call her over for checkpoints and for clarification on concepts when needed. She excels at those tasks. Not much else to say.

- None I can think of

15. Do you have any other comments to add to your evaluation?

Please keep your comments constructive and professional, abiding by the Principles of Community

- I hope you're my 1CL TA next quarter!
- She was very helpful and very sweet
